## Tyre Inflation Systems;

Install a quality Viair compressor in the engine compartment or on the chassis frame to inflate your vehicle's tyres from the onboard air supply system.

Choose between 33% & 100% duty cycle compressor, capable of up to 14bar pressure.

### Normal Duty TI-0001:

The normal duty kit is powered by Viair's 33% duty cycle 400c compressor. A 7,5LT air tank is used to accumulate compressed air. An 8bar pressure switch will keep the air tank at 8bar & will switch the compressor on & off as the air pressure in the tank is used.

#### Kit includes:

Viair 400c compressor  
Viair 8bar pressure switch  
Viair 7,5LT air tank  
Relay & Fuse  
6M hose pack for tyre inflation  
All necessary fittings

### Heavy Duty TI-0002:

The heavy duty kit is powered by Viair's 100% duty cycle 380c compressor. A 7,5LT air tank is used to accumulate compressed air. An 8bar pressure switch will keep the air tank at 8bar & will switch the compressor on & off as the air pressure in the tank is used.

#### Kit includes:

Viair 380c compressor  
Viair 8bar pressure switch  
Viair 7,5LT air tank  
Relay & Fuse  
6M hose pack for tyre inflation  
All necessary fittings

### Normal Duty (Without Tank) TI-0003:

The normal duty kit is powered by Viair's 33% duty cycle 400c compressor. An 8bar pressure switch will keep the supply line at 8bar & will switch the compressor on & off as the air pressure is used.

#### Kit includes:

Viair 400c compressor  
Viair 8bar pressure switch  
Relay & Fuse  
6M hose pack for tyre inflation  
All necessary fittings

### Normal Duty (Diff Lock Compatible) #42045:

This compressor of Viair can be used to supply constant air pressure for differential lock & air horns. It is equipped with 8 delivery air ports on the extruded air tank. The normal duty kit is powered by Viair's 33% duty cycle 400c compressor equipped with an extruded air tank mounted onto the compressor body. A 7bar pressure switch will keep the supply line at 7bar & will switch the compressor on & off as the air pressure is used.

#### Kit includes:

Viair 400c compressor  
Viair 7bar pressure switch  
Relay

Optional: 6M hose pack for tyre inflation
